Chris did an incredible job with covering many medical conditions. I love having the courses at this location, as I work there and it is extremely convenient to not have to travel. We deal with many of these medical conditions in all our group exercise classes. Chris went out of her way to bring us up to date materials to take home, outside of the WaterArt provided materials. This was one of Chris's finest efforts!!

Thank you,

Hi Tina,

I just wanted to thank you for a great training this weekend. I have learned so much in so little time and I think you are an amazing motivator! I now feel so inspired and I cannot wait to teach! I really appreciate all the work you put in the training and all the great tips you gave us.

Thanks again!

Hello Julie,

Wow!!!!!! I cannot say enough about the outstanding experience I had at the training with Judy Conley this weekend at Juniper Swim & Fitness in Bend OR.

I appreciate the amount of information...it was not overload, but a very good overview. Judy made the participants feel at ease and enabled us who came from a variety of backgrounds and experience to present our practical "exams" without pressure and minimal stress. Thank you, Thank you, and Thank you. I will certainly recommend Water Art to others.

Sincerely,

Julia (Oregon, USA)

PS: Ruth Fraley has been a great mentor to me this past year. She helped me get over the hurdles during my first couple of months teaching. I really have loads of fun now.
