Standards of Continuing Education Courses for Fitness

Industry standards require that all Certified Instructors complete a minimum of 16 hours of continuing education credits (CECs) every 2 years OR complete another level of certification - to qualify for Certification Renewal. WaterART is the recognized Aquatic Fitness provider for the OFC/ FPAO which is a part of the NFLA - *National Fitness Leadership Association (British Columbia Recreation and Parks Association, Alberta Fitness Certification Leadership Association, Saskatchewan Parks and Recreation Association, Manitoba Fitness Council, Fitness Practitioners Association of Ontario/OFC, Fitness New Brunswick, and Nova Scotia Fitness Association)*. These organizations were unanimously approved by the International Confederation of Registers for Exercise Professionals. **ICREPS** is supported and promoted by IHRSA as the global authority for registers of fitness and exercise professionals based on entry level standards and education levels of its members. The registries in our partner countries are highly supported by the industry as a transparent system where people can find the basic minimum standards, the official training/education providers or "certifications", requirements, approved continuing education credits, conferences and workshops. WaterART Fitness continues to keep our standards of care top quality to adhere to guidelines of the above organizations. Please check CEC allotment prior to registering for each event. Generally, 1.0 CEC is given for every one hour of contact hour.

Host an Onsite Training Event

Our goal is to make it cost effective, beneficial and easy for your facility to host an onsite training event.

Choose from either full certification, (CEC) continuing education workshops OR a mix of both options. Everything is possible! GENERALLY each person pays for their own registration. However, if you do prefer a flat rate or to pay for your team of instructors, we can make this option available. If you are interested in hosting a WaterART event at your facility we will require the following:

- ✓ The name and location of your facility
- ✓ The best time and date to host the sessions - Ensure that these sessions do not conflict with your facility's ongoing schedule of events
- ✓ Choose the type of session(s) to optimize your facility's programming needs
- ✓ An estimated facility fee if you need to cover additional expenses such as lifeguards fees- we can add a small fee to all registrations to cover your facility costs
- ✓ An estimate of the number of registrants you expect to get through your facility (please note: we require a minimum of 10-15 registrations to make the program cost and time effective for WaterART staff)
- ✓ A contact at the facility (it can be the Aquatics Director, Supervisor, Head Trainer, etc.) to arrange communications between the facility and WaterART Please note: WaterART Fitness International Inc. requires that your facility and WaterART sign an Event Agreement so that all fees, costs and organizational details are clearly delineated and so that we can ensure that the event runs smoothly.
