**Standards of Continuing Education Courses for Fitness**

Industry standards require that all Certified Instructors complete a minimum of 16 hours of continuing education credits (CECs) every 2 years OR complete another level of certification - to qualify for Certification Renewal. WaterART is the recognized Aquatic Fitness provider for the OFC/ FPAO which is a part of the NFLA - *National Fitness Leadership Association (British Columbia Recreation and Parks Association, Alberta Fitness Certification Leadership Association, Saskatchewan Parks and Recreation Association, Manitoba Fitness Council, Fitness Practitioners Association of Ontario/OFC, Fitness New Brunswick, and Nova Scotia Fitness Association)*. These organizations were unanimously approved by the **International Confederation of Registers for Exercise Professionals. ICREPS** is supported and promoted by IHRSA as the global authority for registers of fitness and exercise professionals based on entry level standards and education levels of its members. The registries in our partner countries are highly supported by the industry as a transparent system where people can find the basic minimum standards, the official training/education providers or "certifications", requirements, approved continuing education credits, conferences and workshops. WaterART Fitness continues to keep our standards of care top quality to adhere to guidelines of the above organizations. Please check CEC allotment prior to registering for each event. Generally, 1.0 CEC is given for every one hour of contact hour.

# Host an Onsite Training Event

Our goal is to make it cost effective, beneficial and easy for your facility to host an onsite training event. Choose from either full certification, (CEC) continuing education workshops OR a mix of both options. Everything is possible! GENERALLY each person pays for their own registration. However, if you do prefer a flat rate or to pay for your team of instructors, we can make this option available. If you are interested in hosting a WaterART event at your facility we will require the following:

- ✓ The name and location of your facility
- ✓ The best time and date to host the sessions - Ensure that these sessions do not conflict with your facility's ongoing schedule of events
- ✓ Choose the type of session(s) to optimize your facility's programming needs
- ✓ An estimated facility fee if you need to cover additional expenses such as lifeguards fees- we can add a small fee to all registrations to cover your facility costs
- ✓ An estimate of the number of registrants you expect to get through your facility (please note: we require a minimum of 10-15 registrations to make the program cost and time effective for WaterART staff)
- ✓ A contact at the facility (it can be the Aquatics Director, Supervisor, Head Trainer, etc.) to arrange communications between the facility and WaterART Please note: WaterART Fitness International Inc. requires that your facility and WaterART sign an Event Agreement so that all fees, costs and organizational details are clearly delineated and so that we can ensure that the event runs smoothly.

# CERTIFICATION RENEWAL is an industry standard.

All professionals are required to renew your Certification every 2 years!

You have 2 options to renew any level Certification – either via **ONSITE OR VIA HOME STUDY EDUCATION**. To complete a Certification renewal you may

**1)** Complete 16 hours of either onsite or home study training. Of the 16 hours of recertification hours, a minimum of 8 hours must be specific to WaterART training. For home study training, you may purchase DVD's & you can do a buy a CEC quiz for 2.0 credits/DVD. Everyone must purchase their own resources -we don't allow sharing. Check online for onsite courses on a regular basis as we add daily.

**2)** Complete another level of certification (prior to your current certification expiring). In doing so, this will automatically renew your existing levels & the bonus is that you do not pay a renewal fee. Realize that your renewal is 2 years from when you pass the exam.

**WaterART has over 18 home study programs to choose from.** NOTE: If you have multiple certifications - all certifications will expire the same date. If you are utilizing a new certification to **UPGRADE** your existing certification – there is a maximum of 2 years on a certification so all certifications will expire when you complete or successfully pass the new level of certification.

**You may utilize up to 8 hours NON – WaterART hours.** You are required to have the appropriate Certificate of Course completion (with date, location, name of workshop, hours, signature of MT), description of course agenda or flyer, and an appropriate Master Trainer bio. We cannot approve incomplete paperwork non pre-choreographed routines nor Emergency Safety hours (which are required in addition to your CEC hours). Everyone must maintain their Emergency safety qualifications to validate their Certification status. Email us for clarification if needed.

**Renewal Fees** are before their expiration = \$35.00 + Applicable taxes

Later Renewal (within 6 months of expiration) = \$55.00 + Applicable taxes

Please note that if your Certification has expired more than a year – you will have to re-do the certification process again!
